Olusegun Agagu University of Science and Technology
Bachelor of Technology, Computer Science.

Ondo State, Nigeria
September 2018 - October 2023

About

I am a creative Frontend developer, passionate about leveraging my diverse background to solve challenging problems and create a delightful experience. I have to continually be creative in my developing and delivering content that will be compelling and effective.

Experience

Austech-Ic

Frontend, Remote Intern/Junior Role

(April 10 2022, - Present)

Designed and Implemented the following:

- A Property Management System with next.js, that assist property managers and owners in efficiently managing their real estate properties.
- A Content Management System using react.js, that allow individuals and organizations to create, manage, and publish digital content on the internet.
- Built a landing page for the web version of a Integrated Health and Wellness Platform that caters to both physical and mental health, using next.js.

I was promoted to the role of a junior frontend developer and i was made to supervise project going on within my team.

Experience

Nencia, Frontend, Remote Intern
